Theme
The goal of this workshop is to gather academic contributions addressing recent Emerging Market Economies developments in the fields of Macroeconomics, International Trade and Finance.
The scientific committee welcomes both empirical and theoretical contributions. **Papers can in particular address the following issues about Emerging Countries:**

- Bank lending and financial instability
- Foreign exchange and derivatives markets
- Monetary policy
- Exchange rate management
- Debt denomination
- Renminbi internationalization
- Capital flows, capital control, and macroprudential policies
- Global financial cycle and QE spillovers
- Commodities and terms of trade shocks
- Trade and invoicing currencies
- Inward and outward FDI

The workshop is open to anybody involved in these research areas, including both young and experienced researchers, Ph.D. students, post-doctoral researchers, and professionals from business, government and non-governmental institutions.

**Place of the workshop**
Bordeaux City Center
FRANCE

**Submission details**
Papers must be complete and written in English. The front page should clearly indicate the name of co-authors, their electronic address and their affiliation. Papers should be submitted by email to: EMME@univ-poitiers.fr
